COVID-19 reproduction number, government response and limited testing: international experiences

COVID-19 reproduction number, government response and limited testing: international experiences

Measuring R_e with Limited Testing Availability

May 21, 2020

10:00 am to 12:00 pm (UTC-03:00)

Scientists from countries with distinct local COVID-19 epidemic profiles will talk about their experience in assessing transmissibility of the COVID-19 infection, approaches in situations of limited access to testing, and its importance in directing government response to the epidemic.

SPEAKERS:

Luiz Eugênio Mello – Opening
São Paulo Research Foundation (FAPESP)

Pedro Curi Hallal
Federal University of Pelotas

Cécile Viboud
Fogarty International Center, National Institutes of Health (FIC/NIH)

Samir Bhatt
Imperial College

Rui Maciel – Moderator
Federal University of São Paulo (UNIFESP)

Michael Levitt
Stanford University

Thomas Mellan
Imperial College
